

Mrs. L. C. Glover, Vice-President Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed the testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one-half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mrs. L. C. GLOVER, 614 Grove St., Milwaukee, Wis." Vice President, Milwaukee Business Woman's Association.—\$5000.00. MINERS OF COLORADO IDLE

Strike of the Coal Miners in Colorado Is Widely Extended.

Almost a Man Have the Miners of District Fifteen Obeyed the Order to Go Out.

Denver, Col., Nov. 19.—Information received from the coal fields of Colorado indicates that the strike of coal miners will be more extended than anticipated. It is reported that the order of the executive committee of the United Mine Workers of America declaring a strike in District 15, for Monday, has been obeyed in Colorado almost to a man. At certain mines where it was confidently believed a sufficient number of men could be retained to operate them, it appears that not enough men reported to make a showing. In the northern fields where the men decided to strike upon their own referendum vote, because they have not been granted an eight-hour day the walkout is complete. It is said that several of the independent mines will make efforts to continue in operation, but it is understood, with little hope of success.

Unusual precautions have been taken by the sheriff of Las Animas county, it is reported, where it is feared trouble may break out at any time. It is reported that strikers have threatened violence if they are ousted from the cottages of the Victor Fuel Co. and the Colorado Fuel & Iron Co. The state troops are being held in readiness to respond at a moment's notice to a call from the governor. Already the effects of the strike are being felt in this city. Practically all the dealers announce that they have no coal to sell. The prospect is favorable for a serious coal famine in Denver and at other points in the state.

FOREST FIRE IN CHICAGO.

An Unusual Spectacle Witnessed by Hundreds of Chicagoans Sunday Night.

Chicago, Nov. 19.—A forest fire was the unusual spectacle enjoyed by hundreds of Chicagoans Sunday night. Four companies of firemen fought the blaze for hours. The fire started in the barns of the Graceland cemetery. In a few minutes the hay sheds were blazing fiercely. After destroying the buildings and wagons, the fire spread to the shrubbery growth and trees which covered a tract of almost four square blocks. The loss will exceed \$50,000. The fire was carefully cultivated shrubbery. Rabbits, squirrels, gophers and other small animals were killed as they ran among the crowd, while others were exposed and later turned loose. Two frame buildings, three greenhouses, 26 wagons and many tons of hay were destroyed, while the largest growth of shrubbery and trees was almost consumed.

THE KRATZ CASE MAY DRAG.

The Executive Is Expected to Defend Himself on These Grounds Under Mexican Law.

Mexico City, Nov. 19.—The Kratz case is expected to occupy some time before a definite settlement is reached. It is expected to defend himself against extradition on three grounds only, namely:

1. That the extradition is contrary to the provisions of the Mexican extradition law.
2. That the defendant is not the person whose extradition is asked.
3. That the extradition is illegal because it granted some one of more of the rights secured to all persons under the constitution of the republic shall be violated.

These questions will be argued before the district judge at Guadalajara and 20 days are allowed to present proofs to sustain the ground of the defense. Then, on a decision by the district judge, the matter is referred to the department of foreign relations, and the record will be examined by the executive of the nation to decide whether or not the extradition shall be granted.

SIGNOR ROSANO A SUICIDE.

The Italian Minister of Finance Takes His Own Life With a Pistol at Naples.

Naples, Italy, Nov. 19.—Minister of Finance Rosano committed suicide by shooting during the night. He was found dead Monday morning in his room, a revolver at his side.

Signor Rosano was given the position of minister of finance in the new Italian cabinet, the formation of which was only announced last Wednesday.

DID HE FEAR THE LIGHT?

Rosano Had Been Charged With Corruption by Socialists.

Rome, Nov. 19.—Since the formation of the new cabinet the socialists had attacked Signor Rosano, the minister of finance, charging him with corruption during his political career, challenging him to disprove the charges and adding that otherwise they would bring the matter up at the opening of the chamber of deputies.

CAPTURE ANOTHER SUSPECT

Rock Island Specials After Gang that Demanded \$1,000.

Another Arrest Has Been Made Near the Scene of the Supposed Hold-Up in Iowa.

Des Moines, Ia., Nov. 19.—The patrol which the Rock Island road has had in the vicinity of Earlham, where the supposed plot to hold up the road for a money ransom for immunity, Monday evening captured another suspect, who gives the name of Thomas Murphy. He will give no explanation of his presence or tell who he is. The man was seen skulking in the woods, and a posse was quickly organized. He was brought to Des Moines.

The man shot Sunday night in the same vicinity and brought here maintains his silence. His refusal to say anything leads the Rock Island officials to believe he was implicated in the plot. The man is able to talk and is in no immediate danger.

A special force of armed men is scouring the country in the vicinity of Earlham, and the whole country in that vicinity is being controlled. The Rock Island is planning to put armed men on all its night trains for the next few days.

About ten days ago the main offices in Chicago received a letter directing the road to see that \$1,000 was thrown off No. 6, the Denver flyer, somewhere in Iowa. A special was made up at Council Bluffs to follow No. 6 about ten minutes, and it bore armed men and bloodhounds. The engineer of No. 6 was given the money to throw from his engine at the given signal, the explosion of three torpedoes under his side of the machine. The torpedoes were not exploded, according to a message just received they have not found a single trace that would lead to the clearing up of the mystery.

DETECTIVE HELD CAPTIVE.

Sent Out to Hunt Down the Abductors of Wentz, He Is Himself Captured and Held.

Bristol, Tenn., Nov. 19.—One of the Pinkerton detectives now at work on the Wentz mystery was sent from Big Stone Gap to Letcher county, eastern Kentucky, a few days ago, to assist John Wright, a noted Kentucky outlaw, who was employed in the case because of his knowledge of the mountains. Information bearing on the Wentz case, was returning to Big Stone Gap to report to the Wentz family, when he found himself contained by three armed men who would not permit him to return. He made three more attempts, the last time concealing himself in a wagon, but the same armed men turned him back Monday a letter was delivered to the Wentz house from the detained detective, having been carried across to mountains by a young man. This letter told of his being held owing information he had, and called for armed force to come to his assistance. Five Pinkerton men left Big Stone Gap for the scene Monday. The distance is 35 miles, over a rugged mountain road. The detectives are fully armed and a pitched battle may ensue.

TESTIFIES TO FORGERIES.

John H. Murphy, for Examining Naturalization Officers, Pronounced The Forgeries.

St. Louis, Nov. 19.—John H. Murphy, clerk of the St. Louis court of appeals, was the most important witness Monday at the trial of James E. Barrett, John Dolan and E. Garrett in the United States district court, charged with having committed naturalization frauds.

Murphy was shown certificates of naturalization bearing his signature, which he pronounced forgeries, and when asked in which handwriting the signatures were, he said: "To the best of my judgment, the handwriting of Thomas E. Barrett." Murphy was deliberate and positive in manner, but his voice grew steadily more emphatic as he was handed papers bearing his name signed by another.

HAPPY WOMEN.

Mrs. Pare, wife of C. B. Pare, a prominent resident of Glasgow, Ky., says: "I was suffering from a complication of kidney troubles. Besides a bad back, I had a great deal of trouble with the secretions, which were exceedingly variable, sometimes excessive and at other times scanty. The color was high, and passages were accompanied with a scalding sensation. Doan's Kidney Pills soon regulated the kidney secretions, making their color normal and banished the inflammation which caused the scalding sensation. I can rest well, my back is strong and sound and I feel much better in every way."
